ABOUT ME

I'm Himanshu Singh, currently pursuing MCA with a strong passion for web development, especially in the MERN and Full Stack domains. I have completed 2–3 internships that enhanced my practical skills in modern web technologies, and I'm eager to build impactful, user-focused digital solutions.

INTERNSHIPS

WEB DEVELOPMENT INTERN / PRODIGY INFOTECH
JAN 2024 – APRIL 2024

Worked on front-end and back-end web projects using modern technologies to improve functionality and user experience.

WEB DEVELOPER / CODE CLAUSE
MAY 2024 – AUG 2024

Developed and optimized responsive web applications, focusing on clean design and efficient performance.

EDUCATION

MCA / GALGOTIAS UNIVERSITY
MAY 2026

Pursuing MCA with a focus on software development, web technologies, and full-stack (MERN) development.

BCA / KALINGA UNIVERSITY /RAIPUR
JUNE 2024

Completed BCA with a strong foundation in programming, databases, and web development.

SKILLS

- Problem solving
- Node js / Express
- Communication
- MongoDb / MySQL
- Frontend development
- Git / GitHub / Postman

ACTIVITIES

I enjoy exploring new web technologies, contributing to open-source projects, and building personal web apps to enhance my skills. In my free time, I read tech blogs, practice coding challenges, and stay updated on the latest trends in full-stack development.
